

Which UCCI program is right for you?

| We help educators create & implement *integrated courses*—those combining academic & career education |

Start here

I have browsed the **courses available** in the UCCI Course Catalog.

If not, review the **UCCI Course Catalog** at <http://ucci.ucop.edu/integrated-courses/cte-table>.

None fit my school's needs, but we're inspired to design our own from scratch!

We found a course/multiple courses we want to offer.

We have educators from **both academic AND CTE** areas whom we could enlist to collaborate in the course design.

We have identified the teacher(s) interested in teaching the UCCI course(s) we want to offer.

We have **access to a facility** where each course design team would have their own workspace.

We have **access to a facility** where participating teachers could collaborate with a UCCI Teacher Exchange Leader to prepare to teach the course(s) we want to offer.

You want a **UCCI Institute** !

Request to host this **3-day, hands-on event**.
