Conference Goals

Attendees will:

1. Learn about UCCI programs.

2. Learn about UCCI courses and gain an understanding of what it takes to implement them.

3. Have an opportunity to network and develop potential partnerships.

4. Find out how to take advantage of the services UCCI offers.
Integrated Curriculum

What it is:

➔ Authentic, logical “marriage” between Career Technical Education (CTE) & academics (“a-g” subjects).

What it does:

➔ Highlights connections between academic work & “real world.”
➔ Offers students opportunities to explore potential career paths.
➔ Grounds learning in a context.
➔ Allows students to engage in experiential learning.
UCCI Background

UC reviews and approves courses meeting the “a-g” subject requirements for UC and CSU freshman admission.

A portion of those courses are identified by the California Department of Education (CDE) as CTE courses.

Expand opportunities for applied learning throughout California, so all students have access to college and career preparation.
The UCCI Initiative launched in 2010, with its first program, the UCCI Institutes.

Funding provided by Career Technical Education Pathways Initiative (SB 70), and administered by the California Department of Education (CDE), UC’s partner agency.
